

Course Description Form

1. Course Name: Medical terminology					
2. Course Code: MED102					
3. Semester / Year: second 2025/2026					
4. Description Preparation Date:2026					
5. Available Attendance Forms: Live attendance in the classroom (laboratory)					
6. Number of Credit Hours (Total) / Number of Units (Total)					
2 hours/2					
7. Course administrator's name (mention all, if more than one name)					
Name: A.L. Ghasaq gaafar Sadeq					
Email:					
8. Course Objectives					
Course Objectives			<ul style="list-style-type: none"> -To introduce students to the structure and components of medical terminology. -To develop students' ability to analyze, interpret and use medical terms accurately. -To enhance understanding of terms related to the human body systems and cosmetic medicine. -To enable students to communicate effectively using medical language in professional contexts. 		
9. Teaching and Learning Strategies					
Strategy		<p>Interactive lectures: Presenting information through presentations and nutritional compounds to learn how they affect the body</p> <p>Case-Based Learning: Studying the relationship between nutrition and body health</p>			
10. Course Structure					
Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method
first	2	Knowledge	Respiratory System terminology	Giving a lecture using modern presentation methods	In-classroom test

second	2	Knowledge	Digestive System terminology	Giving a lecture using modern presentation methods	In-classroom test
third	2	Knowledge	Urinary System terminology	Giving a lecture using modern presentation methods	In-classroom test
fourth	2	Knowledge	Reproductive Systems (male and female) terminology	Giving a lecture using modern presentation methods	In-classroom test
fifth	2	Knowledge	Endocrine System: glands and hormones terminology	Giving a lecture using modern presentation methods	In-classroom test
sixth	2	Knowledge	Nervous System terminology	Giving a lecture using modern presentation methods	In-classroom test
seventh	2	Knowledge	Sensory Organs: eye and ear terminology	Giving a lecture using modern presentation methods	In-classroom test
eighth	2	Knowledge	Midterm Review and Examination	Giving a lecture using modern presentation methods	In-classroom test
ninth	2	Knowledge	Medical terms in dermatology and cosmetology	Giving a lecture using modern presentation methods	In-classroom test
tenth	2	Knowledge	Laser therapy and aesthetic procedure terminology	Giving a lecture using modern presentation methods	In-classroom test
eleventh	2	Knowledge	Pharmacological and prescription terminology	Giving a lecture using modern presentation methods	In-classroom test

twelfth	2	Knowledge	Diagnostic, surgical, and procedural terms	Giving a lecture using modern presentation methods	In-classroom test
thirteenth	2	Knowledge	Abbreviations, acronyms, and eponyms in medical language	Giving a lecture using modern presentation methods	In-classroom test
fourteenth	2	Knowledge	Review and integration of medical terminology in cosmetic practice	Giving a lecture using modern presentation methods	In-classroom test
fifteenth	2	Knowledge	Final Examination		

11. Course Evaluation

Distributing the score out of 100 according to the tasks assigned to the student such as daily preparation, daily oral, monthly, or written exams, reports etc

12. Learning and Teaching Resources

Required textbooks (curricular books, if any)	- Supplementary dermatology and laser medicine glossaries.
Main references (sources)	- Chabner, D.-A. The Language of Medicine 12th Edition, Elsevier, 2021.
Recommended books and references (scientific journals, reports...)	- Gylys, B. A. & Wedding, M. E. Medical Terminology Systems: A Body System Approach, 9th Edition, F.A. Davis, 2020.
